

# Coalition Communication: Faith-Based Community

## COVID-19 UPDATES

### Additional details for Phase 1B vaccinations announced

Tentative dates to start vaccinating these Phase 1B populations are:

- Jan. 19, 2021 – Ohioans 80 years of age and older.
- Jan. 25, 2021 – Ohioans 75 years of age and older; those with severe congenital or developmental disorders as outlined above.
- Feb. 1, 2021 – Ohioans 70 years of age and older; employees of K-12 schools that wish to remain or return to in-person or hybrid models.
- Feb. 8, 2021 – Ohioans 65 years of age and older.

When a new age group begins, vaccinations may not be complete for the previous age group. It will take a number of weeks to distribute all of the vaccine given the limited doses available.

Groups defined by age will receive the vaccine from physicians, local health departments, hospitals, federally-qualified health centers, in-home health service providers, as well as some retail pharmacies. Additional details regarding vaccination distribution will be available soon at

[coronavirus.ohio.gov](https://coronavirus.ohio.gov).

## INDUSTRY INFORMATION

■ As COVID-19 vaccines continue to be administered, ODH is regularly updating the [FAQ](#), [Myths vs. Facts](#), and more at [coronavirus.ohio.gov/vaccine](https://coronavirus.ohio.gov/vaccine).

■ Everyone experiences stress- challenges with work, chronic disease or an argument with loved ones. Confidential support is available. Call the Ohio CareLine at **1-800-720-9616**, or text the keyword “**4hope**” to **741-741**.

## KEY STATS

Data as of 1/7/2021

### PUBLIC ADVISORY SYSTEM

### 21-DAY TRENDS

Case Average	7,471
Death Average	75
Hospitalization Average	320
ICU Admission Average	34

## WE WANT TO HELP YOU!

If we can help you assemble materials or if you have suggestions, please contact the Governor’s Office of Faith-Based and Community Initiatives by emailing [gofbci@governor.ohio.gov](mailto:gofbci@governor.ohio.gov).

## SUGGESTED SOCIAL MEDIA POSTS

We need to limit our social gatherings and wear masks to help slow spread. Our circles of exposure are bigger than we think. Together we can #StaySafeOhio and help keep all businesses open.

Now is not the time to let up. We need to all double down on masking up, washing up, and backing up! #InThisTogetherOhio

## TALKING POINTS FOR YOU

- The COVID vaccine is now available. However, it remains in short supply not only in Ohio, but across the country. It will take a number of weeks to distribute all of the vaccine given the limited doses available.
- Until a substantial number of Ohioans can be vaccinated, proper prevention, like wearing masks and social distancing, will reduce your risk of being exposed to or spreading.
- Vaccination is a personal decision. Ohioans should be aware that, due to vaccine shortages, anyone who declines the vaccine at their first opportunity may not have another chance to receive it for some time.

## HOW YOU CAN HELP

- ✓ Set a good example, by wearing a mask, making virtual accommodations, and maintaining social distance when meeting face-to-face with others.
- ✓ Post on social media to describe how you are working to keep your employees and customers safe (and what they can do to help you maintain a safe environment) using the suggested hashtags.
- ✓ Submit letters to the editor or local news outlets that support the “COVID-19 Key Messages;” wear a mask, wash hands often, and social distance.
- ✓ Participate in local media/radio interviews to support “COVID-19 Key Messages,” and help showcase how you and your colleagues in the industry are supporting Ohio’s Responsible Restart.
