COVID-19 UPDATES

[Vaccine.coronavirus.ohio.gov](https://vaccine.coronavirus.ohio.gov) is an online resource for Ohioans to learn which providers received a COVID-19 vaccine allotment and how to contact them.

NEW Vaccination Phases: Phase 1C and Phase 2: Phase 1C ([graphic](#)) includes Ohioans with Type 1 Diabetes, pregnant women, bone marrow transplant recipients, and ALS (Lou Gehrig's Disease), and Ohioans who work in childcare services, funeral services, and law enforcement and corrections officers. Phase 2 ([graphic](#)) includes Ohioans aged 60 years and older.

TALKING POINTS FOR YOU

- Data shows the pandemic has taken a toll on academic progress. Governor DeWine has asked schools and districts to work with their communities to help students advance and make up for any learning that may have been lost or delayed because of the pandemic.
- It's more important than ever for schools and communities to partner together to support our students. We are grateful for and encouraged by civic organizations and businesses across the state that are working with local schools to come up with creative ways to bolster student success.
- Finally, stay up to date on Ohio's work to achieve equity in its pandemic response. A new website offers resources to help communities educate underserved communities about the COVID-19 vaccine. Visit www.coronavirus.ohio.gov for more details.
